

NORTH AMERICAN CORPORATE CHESS LEAGUE

GOALS

CREATE

a low pressure yet competitive online environment for business professionals throughout North America to meet across the board.

ENCOURAGE

novice players and chess aficionados alike to compete by using a team scoring system in which everyone can contribute to their company's team, but only the top scorers affect the leaderboard – that's right, you can't hurt the team!

PROMOTE

a social chess community for professionals. Games will be broadcast live with expert commentary and special guests.

REPRESENT

your company through friendly and social competition. Awards given to both top companies and individuals. Social media shares and acknowledgments during live broadcasts, to thousands of followers.

ASSIST

companies in their efforts to create online team building and networking activities for their employees.

FORMAT

Companies can have team sizes from 4-15 people and even multiple teams if needed!
3 games weekly against players from different companies

All games played online from the comfort of your home or office

ELIGIBILITY

Any company outside of the chess industry is eligible to register for the league

No official chess membership or minimum level is required - only fundamental chess knowledge necessary

Company headquarters must be located in the USA, Canada, or Mexico

Weekly chess improvement seminar by grandmaster coaches

Company (team) and individual awards
